Include in application:

- This completed application
- Plan of project
- Map showing where plan will be implemented
- Cost breakdown of project
- Timeline of project (not to exceed one year)
- If using a contractor, must have a minimum of 2 bids

I understand that upon completion of this project, the Putnam County Soil and Water Conservation District will do an inspection of the project to determine it is carried out as written and approved in the plan. If this project is not completed as per the plan, I will not and should not expect payment. I also give the Putnam County Soil and Water Conservation District permission to take pictures of said project and to use these pictures for advertising.

If this is an educational grant, all supporting material should be included. Who will be educated, how many, where this will occur and other supporting information.
